12 Pack Barcode:	9421030211418

SILENI NANO

The Sileni NANO range is based on rich, soft and approachable wines, which you can enjoy anywhere. The single-serve, unbreakable packaging means you can enjoy a great glass of wine at an event, festival or the outdoors. Sileni NANO comes in a 100% recyclable, all-in-one bottle, with clip on glass. The first of its kind.

Vineyards

Tempranillo vines are planted on clay-limestone and sandy soils, from large karst and chalk trays. The vineyards are planted near Castile, near Madrid, at an average altitude of 400m, where conditions are cooler at night. The vineyard enjoys warm sunshine and very little rainfall, which allows the grapes to develop without disease pressure to optimum ripeness.

Winemaking Notes

After harvest the grapes are pressed, the ferments pumped over to extract colour and flavour. A cool fermentation retains fruit flavour.

Tasting Notes

Expressive red fruits and cherry with notes of cocoa and sweet spice. Rich red fruit flavours and soft tannins.

Food Match

Perfect with barbeque steak, paella or an aged cheddar.
